American Legion Post 516

is raffling off this magnificent 36" X 60" wood, hand carved, charred American Traditional Flag with a gloss finish, retail value of \$595.00.

The Rustic Flag Co. was founded by Justin Scott, an Army combat veteran who served in OIF III. The 1st flag was created in his garage while trying to replicate a wooden version of his DCU Combat patch. A friend purchased the item as a present for her husband and soon others wanted one, too. Justin asked fellow veterans to join in creating a company based on Military values & ethics, providing premium quality handmade product, while using American owned businesses to supply materials. Since starting, they have become the nation's largest consumer of IX Am Spruce and sold over 30,000 flags all handcrafted in Tennessee by veterans. They now employ over 30 individuals & expanding.
